

Duplex Digital Photo Printer

Color Stream D3

Best for Photo Album, Greeting Cards, and more! Double Sided & Decoration

Automatic Double Sided Print On-Demand Solution

Sinfonia Technology has developed the world's first "Double Sided Print Mechanism" and very beautiful double sided print with thin paper can be made. This enables to integrate compact on-demand photo album solution.

High Print - Quality

Print by this duplex/double sided printer is the most silver halide photo-like print.

Silver Hologram Print

Silver hologram print can be also printed in this world's first duplex/double sided printer. The hologram print can be only done in thermal transfer print technology, not in other technologies such as inkjet and/or color laser printer. Let's enjoy decoration print.

Excellent Cost - Performance

The investment cost for the dye - sub double sided printing system will be much lower than existing system such as inkjet printing technology.
